ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

#3

January 24, 2017

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Lori Glasgow
LORI GLASGOW
EXECUTIVE OFFICER

Dear Supervisors:

PUBLIC HEARING CONFIRMING RESOLUTION TO AMEND THE PACE PROGRAM REPORT LOS ANGELES COUNTY ENERGY PROGRAM (ALL DISTRICTS - 3 VOTES)

SUBJECT

On December 20, 2016, your Board adopted a resolution of intention (the "Resolution of Intention") to amend the Property Assessed Clean Energy (PACE) Program Report (the "Program Report") for the Los Angeles County Energy Program (LACEP) to provide financing for additional types of projects eligible for PACE, consistent with California Streets and Highways Code. To accommodate the ongoing growth of the PACE Program, the amended Program Report will also establish an increase in the limit for the maximum aggregate dollar amount of voluntary contractual assessments authorized under LACEP from \$1 billion to \$2 billion. Pursuant to Chapter 29 of Part 3 of Division 7 of the California Streets and Highways Code, your Board also set a public hearing date of January 24, 2017, to provide an opportunity for public comment and to adopt a resolution (the "Confirming Resolution") to formally approve the amended Program Report.

IT IS RECOMMENDED THAT YOUR BOARD:

Adopt the attached Confirming Resolution to approve the following items:

1. Confirm the amended Program Report to include the addition of seismic strengthening improvements and electric vehicle charging infrastructure (the “Additional Improvements”) as eligible projects for PACE financing through LACEP;
2. Approve the amended Program Report to reflect an increase in the maximum aggregate dollar amount of voluntary contractual assessments (the “Contractual Assessment Limit”) authorized under LACEP to \$2 billion, and to approve other changes to the Program Report, consistent with the California Streets and Highways Code (the “Streets and Highways Code”), as amended;
3. Direct the Internal Services Department (ISD) and the Treasurer and Tax Collector (TTC) to undertake all necessary administrative actions in accordance with applicable law to implement the modifications to LACEP as provided in the amended Program Report.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Overview

On April 6, 2010, your Board adopted a Resolution of Intention to initiate the formation of a voluntary contractual assessment program in accordance with the provisions of Assembly Bill 811 (AB 811). On May 25, 2010, a public hearing was held in which your Board approved the formation and implementation of LACEP, established the initial Contractual Assessment Limit, and authorized the issuance of bonds to finance energy efficiency, renewable energy generation, and water efficiency improvements to private property. When the County first established LACEP pursuant to the legal framework authorized by AB 811, the projects eligible for PACE financing were limited to energy and water efficiency improvements. Since the formation of LACEP in May 2010, subsequent legislative changes to the Streets and Highways Code have expanded the types of projects eligible for PACE financing from the original AB 811 legislation, including the Additional Improvements and leasehold improvements to public property (the “Leasehold Improvements”).

On October 11, 2016, your Board approved a motion which included a directive for the Internal Services Department (ISD) and the Treasurer and Tax Collector (TTC) to expand the PACE Program to include all improvements eligible for PACE financing consistent with California State law. Since the formation of LACEP and the subsequent changes to AB 811, other PACE programs that provide financing for the full range of improvements authorized by State law have begun operating across the County. As a result, a significant number of incorporated cities in the County, including the City of Los Angeles, have opted into these other programs. Expanding LACEP to include the Additional Improvements and Leasehold Improvements, along with other changes to the Program Report, will provide property owners in the County with access to the full range of PACE financing services, while ensuring that participating contractors are subject to a higher level of accountability and compliance with a stronger and more consistent set of consumer protection measures. Beyond imposing more robust quality assurance/quality controls, contractor standards and

consumer protections, the LACEP's open-market approach elevates program criteria while helping to facilitate more competitive pricing in the marketplace.

On December 20, 2016, your Board adopted the Resolution of Intention to amend the Program Report to include seismic strengthening improvements and electric vehicle charging infrastructure (the "Additional Improvements") as eligible projects for PACE financing through LACEP and to increase the maximum aggregate dollar amount of voluntary contractual assessments (the "Contractual Assessment Limit") authorized under LACEP to \$2 billion, and to include other changes to the Program Report, consistent with the California Streets and Highways Code, as amended.

Program Report Changes

The primary changes to the LACEP Program Report are summarized as follows:

New Projects Eligible for PACE Financing

Seismic Strengthening Improvements
Electric Vehicle Charging Infrastructure
Leasehold Improvements to Public Property
Power Purchase Agreements and Solar Leases

New Underwriting Criteria

The total amount of annual property taxes and assessments shall not exceed 5% of the market value of the property.

The expansion of LACEP to include the Additional Improvements and Leasehold Improvements is consistent with the original objectives of the County's PACE Program and your Board's directive to provide a full-service PACE financing program for County residents. The installation of electric vehicle charging infrastructure is an important energy efficiency measure that will help facilitate an increase in electric vehicle usage, which helps the County and participating cities address global climate change by reducing greenhouse gas emissions. The addition of seismic strengthening improvements will help address the seismic safety needs of County residents and provide a source of financing to help property owners in the City of Los Angeles comply with a local ordinance requiring mandatory seismic safety upgrades to certain types of commercial properties.

The owner of a leasehold or possessory interest in property may now be eligible for financing through LACEP if such leasehold or possessory interest is granted by a public agency that owns the related property. For a Leasehold Improvement to qualify for PACE financing, the public agency property owner must provide written consent prior to the execution of the assessment contract, and the term of the assessment contract must not exceed the term of the leasehold interest. The addition of Leasehold Improvements will help expand access to PACE financing for certain non-profit or commercial entities that are not the owners of the property subject to the PACE transaction.

Other important changes to the Program Report include the recognition of power purchase agreements or leases as an acceptable mechanism to finance the installation of distributed generation renewable energy sources, such as solar systems that are permanently fixed to real property. Any power purchase agreements or leases related to a PACE financing originated through LACEP must contain all of the provisions required by Section 5899.2 of Chapter 29 of the Streets and Highways Code. The addition of power purchases agreements and leases as an acceptable financing vehicle under LACEP will provide certain property owners with a more cost-effective option to finance the installation of solar systems.

As a result of the process to amend the Program Report, the County is required under the Streets and Highways Code to implement a new underwriting standard, which requires that the total amount of annual property taxes and assessments shall not exceed 5% of the market value of the property. The County is working with its current program administrators (Renovate America and Renew Financial) to ensure that all assessment contracts originated through LACEP are in compliance with this new underwriting requirement. As part of ISD's due diligence measures, the PACE staff reviews projects on a contract-by-contract basis to ensure compliance with all legislative, underwriting and other legal, programmatic, and administrative standards.

Contractual Assessment Limit Increase

As part of the formation process for LACEP in May 2010, your Board approved the original Program Report, which established an initial Contractual Assessment Limit of \$1 billion, and also approved the initial issuance of contractual assessment limited obligation improvement bonds (the "Bonds") in an aggregate principal amount not to exceed \$100 million. The proceeds from the sale of the Bonds are used to finance payments to contractors for the installation of energy and water efficiency improvements authorized by the assessment contracts originated through LACEP. With the County's successful launch of the residential PACE Program in May 2015 and the significant growth over the first eighteen months of operation, the requested increase in the Contractual Assessment Limit to \$2 billion is necessary to ensure the continued operation of the PACE Program and to more effectively manage future demand for PACE financing.

On November 3, 2015 and June 21, 2016, your Board adopted resolutions authorizing increases in the maximum bond authorization to \$500 million and \$750 million, respectively. As of November 30, 2016, the County has issued \$552 million of PACE Bonds, including \$535 million and \$17 million of residential and commercial PACE Bonds, respectively. With the continuing growth of the residential PACE Program, we expect to reach the current \$750 million bond authorization limit by April 2017 and the \$1 billion Contractual Assessment Limit by November 2017. Since the County needs to provide financing for the assessment contracts originated through LACEP with the issuance of Bonds, we are also requesting that your Board approve an increase in the maximum bond authorization to match the \$2 billion Contractual Assessment Limit. Based on the current rate of growth, the

\$2 billion Contractual Assessment Limit and bond authorization limit are expected to provide sufficient funding for the PACE Program through November 2019.

In the October 11, 2016 motion, your Board also directed ISD to prepare and release a Request for Statement of Qualifications (RFSQ) with a Master Agreement to solicit additional qualified program administrators to provide PACE financing services on behalf of the County. Although the requested increase to the Contractual Assessment Limit is designed to accommodate the current level of growth in residential PACE for the two current program administrators (Renovate America and Renew Financial) and a small number of commercial PACE projects, the \$1 billion increase will provide sufficient program capacity and operational flexibility to accommodate any additional growth as the result of adding new program administrators through the RFSQ process. Consistent with current operations, our Departments will continue to monitor and evaluate the growth and expansion of PACE, and will return to your Board as needed to request any additional increases in program funding authority.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

The recommended action supports County Strategic Plan Strategy II.3 – Make Environmental Sustainability Our Daily Reality – Objective II.3.2 Foster a cleaner, more efficient, and more resilient energy system: Promote diverse, clean and renewable energy systems, support energy efficiency, and support strategies to ensure reliability of the energy network.

FISCAL IMPACT/FINANCING

There is no fiscal impact to the County General Fund related to the increase in the Contractual Assessment Limit and the other changes to the Program Report. As with any contractual assessment bond, the payment of debt service is a direct obligation of the participating property owners, with no impact to any County debt ratios evaluated by the credit rating agencies.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On July 21, 2008, AB 811 was signed into law, which provided the legal foundation for PACE financing programs in California. AB 811 allowed local governments to finance energy efficiency, renewable energy generation, and water efficiency improvements that are permanently fixed to residential, commercial, industrial or other real property through contractual assessments and the issuance of bonds. Pursuant to Section 8701 of the Streets and Highways Code, PACE financings are repaid by property owners through annual assessments on their property tax bill and secured by a lien against the property. Furthermore, the assessments are eligible to remain with the property upon the sale or transfer of the property to a new owner. LACEP was formed in May 2010 pursuant to AB 811, with the formation proceedings governed by Chapter 29 of Part 3 of Division 7 of the Streets and Highways Code. Subsequent legislative changes to AB 811 after the

formation of LACEP expanded the types of projects eligible for PACE financing, which include the Additional Improvements, Leasehold Improvements and power purchase agreements.

In order for the County to provide PACE financing for the Additional Improvements, which are considered an expansion of LACEP under the Streets and Highways Code, your Board approved the Resolution of Intention to amend the Program Report on December 20, 2016, and will need to approve the attached Confirming Resolution at the January 24, 2017 public hearing to confirm the amended Program Report. The multi-step public hearing approval process to amend the Program Report is required by Chapter 29 of Part 3 of Division 7 of the Streets and Highways Code and is consistent with the process followed by your Board in April and May of 2010 to establish LACEP.

The legal authority to utilize PACE financing for the Additional Improvements and Leasehold Improvements, and for other changes to the Program Report was established through the following amendments to the Streets and Highways Code:

January 1, 2015 – Power Purchase Agreements (Section 5899.2)
January 1, 2015 – Leasehold Improvements to Public Property (Section 5898.33)
January 1, 2012 – Seismic Strengthening Improvements (Section 5899)
January 1, 2011 – Electric Vehicle Charging Infrastructure (Section 5899.3)
January 1, 2011 – 5% Limit on Total Annual Property Tax and Assessments
as a Percentage of Market Value (Section 5898.23)

The other changes in the updated Program Report, including the increase in the Contractual Assessment Limit and the addition of Leasehold Improvements and power purchase agreements, are not subject to the multi-step public hearing approval process required by the Streets and Highways Code. These changes to the Program Report will be approved by your Board through adoption of the Confirming Resolution. Any future increases to the Contractual Assessment Limit would be accomplished by your Board's approval of a stand-alone resolution to amend the Program Report.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The increase in bond authorization will enable the County to manage its commercial and residential PACE Programs in accordance with State Law and without any disruption in service.

CONCLUSION

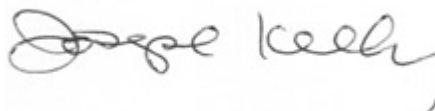

Upon approval, we request that the Executive Officer-Clerk of the Board of Supervisors return one stamped copy of the approved Board Letter to the Director of the Internal Services Department and another to the Treasurer and Tax Collector.

Respectfully submitted,

Handwritten signature of Scott Minnix in blue ink.

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE
COUNTY OF LOS ANGELES MAKING CERTAIN FINDINGS
AND DETERMINATIONS IN CONNECTION WITH AND
CONFIRMING THE UPDATED PROGRAM REPORT
REGARDING THE CONTRACTUAL ASSESSMENT
PROGRAM, AS MODIFIED, CONFIRMING ASSESSMENTS
TO BE LEVIED WITHIN THE PARAMETERS OF THE
UPDATED PROGRAM REPORT; AND TAKING CERTAIN
OTHER ACTIONS

WHEREAS, on April 6, 2010, the Board of Supervisors (the “Board of Supervisors”) of the County of Los Angeles, a political subdivision of the State of California (the “County”), adopted its resolution (the “Original Resolution of Intention”) pursuant to Chapter 29 of Part 3 of Division 7 of the California Streets and Highways Code (as amended, the “Act”) declaring its intention to order the implementation of the Los Angeles County Energy Program (“LACEP”), a contractual assessment program under the Act, to finance the installation of distributed generation renewable energy sources and energy and water efficiency improvements (the “Original Improvements”); and

WHEREAS, pursuant to the Original Resolution of Intention, the Director of the Internal Services Department of the County (“Program Administrator”) prepared and filed with the Board of Supervisors a report (the “Original Program Report”) in accordance with Section 5898.22 of the Act; and

WHEREAS, on May 25, 2010, following notice duly given in accordance with law, the Board of Supervisors held a full and fair public hearing on the Original Program Report, LACEP and matters relating thereto, made certain findings and determinations in connection with and confirmed the Original Program Report, confirmed the assessments to be levied within the parameters of the Original Program Report and established LACEP; and

WHEREAS, the legislative bodies of various incorporated cities within the territory of the County have approved the related incorporated city’s participation in LACEP; and

WHEREAS, subsequent to the establishment of LACEP, the Act was amended to, among other things, provide for the financing of seismic strengthening improvements and electric vehicle charging infrastructure (the “Additional Improvements” and, together with the Original Improvements, the “Improvements”) and otherwise expand or clarify the improvements eligible for financing under contractual assessment programs created under the Act; and

WHEREAS, the County desires to amend LACEP to provide for the financing of the Additional Improvements and approve various additional changes to the Contractual Assessment Program consistent with the Act; and

WHEREAS, on December 20, 2016, the Board of Supervisors adopted its resolution declaring its intention to amend LACEP to include the financing of the Additional Improvements and consider various additional changes to the Contractual Assessment Program (the “2016 Resolution of Intention”) pursuant to the Act; and

WHEREAS, the 2016 Resolution of Intention directed the Director of the Internal Services Department of the County, in his capacity as the program administrator (the “Program Administrator”) to prepare and file with the Board of Supervisors an Updated Program Report (the “Updated Program Report”) in accordance with Section 5898.22 of the Act with respect to the Additional Improvements; and

WHEREAS, the Program Administrator filed a preliminary draft of the Updated Program Report in connection with the 2016 Resolution of Intention and subsequently filed a revised draft of the Updated Program Report with the Board of Supervisors; and

WHEREAS, the 2016 Resolution of Intention set the time and place for a hearing on the financing of Additional Improvements under LACEP as set forth in the Updated Program Report; and

WHEREAS, the 2016 Resolution of Intention described the proposed arrangements for funding the Additional Improvements under LACEP, including certain parameters for the issuance of bonds and refunding bonds pursuant to the Act, which bonds will be repaid by voluntary contractual assessments; and

WHEREAS, on January 24, 2017, following notice duly given in accordance with law, the Board of Supervisors held a full and fair public hearing on the Updated Program Report, the financing of Additional Improvements under LACEP and other matters, at which interested persons were afforded the opportunity to comment upon, object to, or present evidence with regard to the modifications to LACEP or any of its particulars, including the extent of the area proposed to be included within LACEP for the Additional Improvements, the terms and conditions of the draft contract with landowners (as further described herein, the “Assessment Contract”) assessment, and the proposed financing provisions; and

WHEREAS, the Updated Program Report sets forth each of the items required to be contained therein pursuant to Section 5898.22 of the Act; and

WHEREAS, the Board of Supervisors, having considered all oral and written testimony, desires to confirm the Updated Program Report and proceed with the modifications of LACEP;

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE BOARD OF SUPERVISORS OF THE COUNTY OF LOS ANGELES AS FOLLOWS:

Section 1. The recitals set forth hereinabove are true and correct in all respects.

Section 2. The Board of Supervisors finds and determines that all actions required to be taken and all conditions required to be satisfied prior to action by the Board of Supervisors pursuant to law, including the Act, have been taken and satisfied.

Section 3. The Board of Supervisors hereby confirms the Updated Program Report and approves the modifications to LACEP, including the financing of the Additional Improvements.

Section 4. The Board of Supervisors approves \$2.0 billion in maximum aggregate contractual assessments for all Improvements to be financed under LACEP, confirms the assessment for the cost of the Improvements and approves the maximum annual administrative assessment of \$100 to be levied within the parameters of the Updated Program Report. The Board of Supervisors further approves the issuance of bonds in a maximum aggregate principal amount equal to the maximum aggregate principal amount of contract assessments authorized under this Section 4. All other provisions of the bonds, as previously authorized in connection with the establishment of LACEP, are hereby confirmed.

Section 5. The Board of Supervisors directs the implementation of the modifications to LACEP as provided in the Updated Program Report and in accordance with the applicable law.

Section 6. The Board of Supervisors confirms the appointment and designation of the Program Administrator to enter into Assessment Contracts relating to the Additional Improvements with property owners on behalf of the County and perform the other duties and functions of the Superintendent of Streets for purposes of California Streets and Highways Code, Section 3100 *et seq.*, in connection with LACEP.

Section 7. In connection with the Additional Improvements, the Clerk of the Board of Supervisors is hereby directed to cause to be recorded in the office of the Program Administrator, as designated Superintendent of Streets, and in the office of the Registrar-Recorder/County Clerk of the County of Los Angeles (the "County Recorder") a copy of the assessment diagram setting forth the boundaries of LACEP and notice of the existence and amount of each contractual assessment in connection with LACEP, which notice may be amended from time to time and shall set forth the names of all landowners who have entered into Assessment Contracts with the County and their related parcels or lots, pursuant to Section 5898.32 of the Act and Section 3100 *et seq.* of the California Streets and Highways Code.

Section 8. In connection with the Additional Improvements, the Clerk of the Board of Supervisors is further directed to cause to be recorded in the office of the County Recorder, concurrently with the instrument creating the voluntary contractual assessment, a document entitled "Payment of Contractual Assessment Required" pursuant to Section 5898.24(d) of the Act. The County Recorder shall only be responsible for examining such document and determining that it contains the information required by Section 5898.24(d)(2)(A), (E) and (F) of the Act and for indexing the document under the names of the persons and entities identified in Section 5898.24(d)(2)(A) and (E) of the Act. The County Recorder shall not examine any other information contained in such document. For all Improvements financed pursuant to LACEP, the document described in Section 5898.24(d) of the Act may be combined with the notice required by Section 5898.32 of the Act, and recorded as a single document.

Section 9. In connection with the Additional Improvements, the Board of Supervisors hereby designates the Auditor-Controller as the office responsible for annually preparing the current roll of assessment obligations by assessor's parcel number on property subject to a voluntary contractual assessment and directs the Program Administrator to establish procedures to promptly respond to inquiries concerning current and future estimated liability for a voluntary contractual assessment; provided that neither the Auditor-Controller, the Program Administrator

nor the Board of Supervisors shall be liable if any estimate of future voluntary contractual assessment liability is inaccurate or for any failure of any seller to request notice pursuant to the Act or to provide the notice to a buyer.

Section 10. Each of the Program Administrator, the Treasurer and Tax Collector of the County and each of their respective designees is hereby authorized and directed to do all acts and things which may be required of him or her by this Resolution, or which may be necessary or desirable in carrying out LACEP as described in the Updated Program Report, and all matters incidental thereto, including without limitation, to make clarifying changes to the Program Report; after consulting with County Counsel, to modify the draft application and the draft Assessment Contract set forth in the Updated Program Report; and to modify the schedule of eligible improvements attached to the Program Report as deemed necessary or desirable after consulting with other County staff.

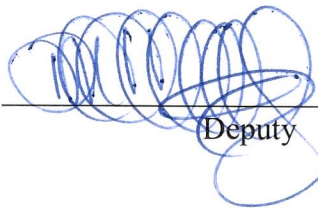

Section 11. This Resolution shall be effective upon its adoption by the Board of Supervisors.

The foregoing Resolution was on the 24th day of January, 2017, adopted by the Board of Supervisors of the County of Los Angeles and ex-officio the governing body of all other special assessment and taxing districts, agencies and authorities for which said Board so acts.

I. INTRODUCTION

The Los Angeles County Energy Program ("LACEP" or "Program") is intended to help property owners make capital investments in distributed generation renewable energy sources and energy efficiency and water efficiency improvements, seismic strengthening improvements and electric vehicle charging infrastructure (collectively known as "Improvements"). The Program will provide a financing mechanism for the Improvements through an assessment contract (the "Assessment Contract") between the County of Los Angeles (the "County") and the property owner, pursuant to which the County will provide financing for the up-front cost of the Improvements to the property owner. The property owner will re-pay the cost of the Improvements, financing costs and other costs through contractual assessments levied against the property on the annual property tax bill. If the owner sells the subject property prior to full repayment of the assessment, the lien created by the Assessment Contract is eligible to remain on the subject property, with the repayment obligation transferred to the new property owner. The County intends to provide financing for the Program by issuing (or causing to be issued) bonds payable from contractual assessment revenues. Participation in the Program is completely voluntary and property taxes for non-participating property owners are unaffected by the Program.

This Program Report (as modified, the "Program Report") is prepared pursuant to Section 5898.22 of Chapter 29 of the California Streets and Highways Code (as amended, "Chapter 29") in connection the establishment of LACEP. It includes the following:

- 1) A map showing the boundaries of the Program, being the territory within which contractual assessments are proposed to be offered. See Appendix A attached hereto.
- 2) A draft Assessment Contract specifying the terms and conditions that would be applicable to the property owner and the County. See Appendix C attached hereto.
- 3) A statement of County policies concerning voluntary contractual assessments, including all of the following:
 - Identification of the types of facilities, distributed generation renewable energy sources, or energy or water efficiency improvements that may be financed through the use of contractual assessments.
 - Identification of one or more County officials authorized to enter into voluntary contractual assessments on behalf of the County.
 - A maximum aggregate dollar amount of voluntary contractual assessments.
 - A method for establishing priority order among the requests from property owners for financing through LACEP.
 - A brief description of criteria for determining the underwriting requirements, and safeguards that will be used to ensure that the total annual property tax and assessments on the property will not exceed five percent of the property's market value, as determined at the time of approval of the property owner's Assessment Contract.
- 4) A financing plan for raising capital.
- 5) A report on the results of consultations with the County Auditor-Controller concerning the additional fees, if any, that will be charged for incorporating the proposed voluntary contractual assessments into the general taxes of the County on real property, and a plan for financing the payment of those fees.

Background

Widespread implementation of distributed generation renewable energy sources and energy efficiency and water efficiency measures in existing buildings within the County will help the State of California ("State") reach the greenhouse gas reduction goals set forth under State Assembly Bill 32 ("AB 32") and help the County and participating cities achieve their own targeted reductions. Participating property

owners can help to achieve greenhouse gas reductions, reduce water and energy use, and save money by investing in these measures. In addition, the installation of electric vehicle charging infrastructure is an important measure that will help facilitate increased electric vehicle usage, which helps the County and participating cities address global climate change. The installation of seismic strengthening improvements will facilitate individual voluntary efforts to improve the seismic safety of homes and buildings, which will help the County and participating cities address various seismic safety needs of local residents.

Chapter 29 authorizes various public agencies, including counties and cities, to designate areas within which free and willing property owners can enter into contractual assessments to finance the installation of Improvements that are permanently fixed to residential, commercial, industrial, agriculture or other real property. LACEP is the voluntary contractual assessment program developed by the County pursuant to Chapter 29. Any contractual assessments originated under LACEP are levied only with the consent of free and willing owners of the property on which Improvements are to be made. The Program will provide financing for qualifying property owners within the County to install Improvements pursuant to the terms and conditions of the Assessment Contracts. Property owners will pay the contractual assessments levied against their property through annual installments included on their property tax bills. Each contractual assessment creates a lien that is tied directly to the subject property. Any unpaid contractual assessments at the time of sale or other disposition of the property are eligible to remain on the property, with the repayment obligation transferred to the subsequent owner.

Program Benefits

LACEP is intended to provide multiple benefits, including the potential for reduced utility bills for participating property owners. LACEP also offers a means of financing Improvements with a lower equity contribution than may be required in a conventional financing and establishes a loan obligation that is attached to the property and not to the individual borrower. The financing is intended to be competitive with conventional fixed-rate loans and provide for a streamlined financing and repayment process. All available State, utility or other energy efficiency, water efficiency or renewable energy rebates, incentives and all State and federal tax credits remain available to the property owner in connection with the Improvements (subject to applicable rules, restrictions, regulations and the current status of programs administered by other such entities), unless otherwise specified.

Incorporated cities may participate in LACEP without incurring the costs of forming separate programs. LACEP's geographical boundary is coterminous with the County's boundaries and includes, subject to each cities' approval of participation in LACEP, all 88 incorporated cities. Incorporated cities may join LACEP by adopting a resolution allowing property owners in their respective jurisdictions to apply for financing and implement Improvements under LACEP.

The Program seeks to mitigate long-term regional greenhouse gas production through the reduction of energy usage from traditional utility sources and help the County and participating cities satisfy the State's greenhouse gas reduction goals under AB 32. When it was signed into law in 2006, AB 32 established statewide goals for the reduction of greenhouse gas emissions and may yet require counties and cities to adopt regional greenhouse gas emission limits similar to the statewide target of achieving 1990 levels of greenhouse gas emissions by 2020. To the extent permitted by law, the County will hold and retain any carbon credits, offsets, carbon cap allocations, or other benefits attributable to the Improvements financed by LACEP. It is the intention of the County to apply any benefits resulting from such carbon credits to the furtherance of LACEP. The Program also seeks to provide financing for eligible seismic strengthening improvements to address the seismic safety needs of local residents.

LACEP has the potential to provide a significant industry shift in the region towards an energy efficiency, water efficiency and renewable energy economy. LACEP intends to be a catalyst in spurring a new "green" economy in the County by supporting energy project inspection and installation jobs, job training and workforce development, local manufacturing and distribution, research and development, and marketing and outreach.

Program Administration

The Program will be governed by the Board of Supervisors of the County of Los Angeles (the “Board of Supervisors”), which will approve the Program parameters, approve the issuance of bonds, and delegate authority to authorized officers to administer the Program.

The Director of the County’s Internal Services Department will serve as the Program Administrator and will provide day-to-day management of the Program, including design, implementation, and administration. The authority to approve and enter into individual Assessment Contracts will be delegated by the Board of Supervisors to the Program Administrator. The Program Administrator is authorized to contract with external third-party administrators, subject to approval by the Board of Supervisors, to manage various aspects of the Program on behalf of the County.

The Internal Services Department and the Program Administrator will manage all Program activities, including, but not limited to, the following:

- Marketing and community outreach;
- Energy surveys and technical support for individual projects;
- Customer service, including question and answer support to interested Program participants;
- Assisting in project development;
- Processing Program applications;
- Managing and tracking funds available for financing Improvements;
- Managing and tracking progress of the Improvements and financing therefor;
- Tracking individual and collective energy and greenhouse gas benefits;
- Integrating LACEP with other County, State, utility and regional rebate/incentive programs;
- Working and coordinating with participating cities and other jurisdictions;
- Providing information on local and regional environmental programs; and
- Reporting progress and expenditures according to mandated reporting methods applicable to appropriated funds.

Program Duration

Unless otherwise directed by the Board of Supervisors, the Program will continue as long as there is sufficient demand and funding for the Improvements.

II. PROGRAM REQUIREMENTS

Geographic Parameters and Participating City Requirements

LACEP is available in the unincorporated areas of the County immediately upon establishment of the Program by the Board of Supervisors. Cities within the County may join LACEP and make assessment financing available to qualified property owners located within their city’s boundaries. After establishment of the Program, a city’s legislative body may adopt a resolution requesting inclusion in the County Program. Pursuant to such resolution to participate in the Program, the city will find and declare that the properties in the city’s incorporated area will benefit from participation. Further, the city’s resolution will authorize the County to set the terms of LACEP, implement the Program, and take action necessary to provide financing for the Improvements.

Participation in LACEP offers cities and their property owners the following advantages:

- An opportunity to save money through energy and water efficiency improvements;
- The ability to take advantage of substantial financial incentives and rebates from multiple sources;

- A financing mechanism that establishes an obligation that remains attached to the property; and
- Job creation and stimulation of the economy.

Cities may elect to withdraw from participation in LACEP by adopting a resolution terminating their involvement. If a participating city elects to withdraw from LACEP, no future assessment financing will be made in that city. Assessment Contracts executed prior to a city terminating participation in the Program will remain in full force and effect. A map showing the Proposed Program boundaries is attached in Appendix A.

Eligible Owners and Properties

All owners of improved real property located within participating cities or the unincorporated areas of the County areas are eligible to submit an application for LACEP. Qualified property owners may include individuals, associations, business entities, cooperatives and any owner who pays real property taxes. In addition, the owner of a leasehold or possessory interest in property may qualify for the Program if such leasehold or possessory interest is granted by a public agency that owns the related property, including property held in trust for any beneficiary; provided that the Assessment Contract is by and between the County and the owner of the leasehold or possessory interest, the public agency owning the property provides prior written consent to the contractual assessment, and at the time the Assessment Contract is executed, the term of the leasehold interest is at least as long as the term of the Assessment Contract.

To protect the Program from defaults and to improve access to the capital markets, owners of the real property or leasehold or possessory interest as described herein (collectively, the “property”) must meet the following minimum requirements to qualify for financing:

- Property is located within the unincorporated areas of the County, or within the boundaries of a city that has adopted a resolution to join the Program.
- Applicant is the legal owner of the property.
- All legal owners of the property agree to participate in the Program.
- The property is not subject to involuntary liens as set forth in the Assessment Contract or any other Program document.
- Property taxes and assessments are current on the property and have not been delinquent for a period up to five years (or since the date of the most recent transfer if less than five years).
- Property owner certifies that he/she is not in bankruptcy and the property is not an asset in a bankruptcy proceeding.
- Property owner certifies that he/she has not declared bankruptcy within the last 10 years.
- Property owner certifies and demonstrates that he/she is current on his/her mortgage, has not defaulted on the deed(s) of trust and can legally enter into the Program.
- Improvement costs are reasonable in relation to property value. Property must meet a minimum value-to-lien ratio¹.
- Property must meet a positive equity test and the total annual property tax and assessments on the property will not exceed five percent of the property’s market value, which will be acknowledged by the property owner as part of the application process and confirmed at the time of approval of the owner’s contractual assessment by the Program Administrator or a third-party administrator acting on behalf of the County. The market value of the property will be determined by using various industry approved methodologies, including multiple objective valuation models, national real estate valuation providers and geographic home sales data. Prior to approval of the contractual assessment, the Program Administrator or a third-party administrator acting on behalf of the County will determine the maximum allowable contractual assessment in accordance with Program underwriting requirements and State law.
- Property is subject to the appropriate jurisdiction’s (County, city, or town) permitting and inspections and all other applicable federal, State, and local codes and regulations.

¹ Value of the property divided by the amount of the contractual assessment.

Property owners may submit more than one application for funding under the Program if additional Improvements are desired by the owner. However, all existing criteria must be met at the time of each new application. Costs for the scope of work will be based on contractor estimates, quotes provided by the property owner, and general industry standards. Additional due diligence or underwriting criteria may be required for the financing of large projects.

The Program Administrator may exercise discretion in determining eligibility and any additional criteria required for financing Improvements. Furthermore, the minimum eligibility requirements provided in this Program Report are subject to change pursuant to the future financing needs of the Program.

Eligible Improvements

The Program provides property owners the opportunity to take advantage of a wide range of Improvements, subject to the following provisions:

- The Program will only finance (i) distributed generation renewable energy sources and energy efficiency and water efficiency measures that are permanently fixed to residential, commercial, industrial, agricultural, or other real property, (ii) seismic strengthening improvements that are permanently fixed to the property, including, but not limited to, the seismic strengthening of cripple walls and sill plate anchorage of light, wood-framed buildings, and (iii) electric vehicle charging infrastructure that is permanently fixed to residential, commercial, industrial, agricultural, or other real property. For the purpose of financing the installation of distributed generation renewable energy sources, “permanently fixed” includes, but is not limited to, systems attached to a residential, commercial, industrial, agricultural, or other real property pursuant to a power purchase agreement or lease between the owner of the system and the owner of the assessed property, if the power purchase agreement or lease contains all provisions required by Section 5899.2 of Chapter 29.
- Property owners who elect to engage in broader retrofit projects (such as residential or nonresidential remodeling) will only be provided financing for costs associated with Improvements available under the Program.
- The Program is intended to finance the replacement of working, inefficient equipment and building materials and the installation of new equipment and building materials that reduce energy consumption (beyond that required by existing, applicable building codes), produce renewable energy, reduce water usage, improve seismic safety or increase electric vehicle usage. The Program will also make financing available for purchasers of residential, commercial or industrial, agricultural or other properties who wish to add Improvements after transfer of title is complete.
- Property owners are responsible for the Improvements installed on their property. Property owners must address performance and other system-related issues directly with the installer in accordance with the terms of their contract with the installer. Property owners are responsible for maintenance and repair of the Improvements.

Examples of Improvements available for financing under LACEP are provided in Appendix B.

Eligible Costs

Eligible costs of the Improvements include the cost of surveys and audits, permits² and inspections, equipment, installation from licensed, approved professionals, and follow-up inspections. Installation costs may include, but are not limited to, energy audit consultations, labor, design, drafting, engineering, permit fees, and inspection charges. A qualified contractor of the property owner’s choice can be selected to complete installation of the Improvements.

² All Improvements that require permits will be required to obtain such a permit from the local jurisdiction. Final inspection will ensure that the Improvements were completed.

For each property, the Program Administrator will determine whether the estimated equipment and installation costs are reasonable. The Program Administrator will evaluate market conditions and may require the property owner to provide additional bids to determine whether costs are reasonable. While the property owner will be able to choose the contractor of his/her choice, the amount eligible for the LACEP financing may be limited to the amount deemed reasonable by the Program Administrator. Projects that exceed a certain size and dollar amount may be subject to additional review.

III. PROGRAM FINANCING

Strategy to Raise Capital

The County intends to raise capital for the Program through one or more of the following financing arrangements:

- Issuing or causing the issuance of bonds pursuant to Section 5898.28 of the Streets and Highways Code, the principal and interest of which will be repaid from contractual assessments;
- Advancement of certain County funds or funds held by the County Treasurer and Tax Collector, which will be repaid through contractual assessments or reimbursed from proceeds of a debt issuance;
- Application of funds received pursuant to federal and State programs and available for LACEP financing purposes;
- Issuing debt or entering into loan arrangements to fund the Improvements; and
- Private or owner-arranged financing.

To the extent that the County issues debt, it is expected to include a debt service reserve fund in the amount sufficient to enhance the marketability of the debt. The proceeds of the debt issuance will be applied to cover the costs of Improvements, fund the debt service reserve fund, and pay costs of issuance of the debt. The County may also pursue other financing options not listed above should such options benefit the ongoing viability of the Program.

The Energy Fund

The County will create a special fund, the Energy Fund ("Fund"), which will hold contractual assessments revenues received pursuant to the Assessment Contracts. Moneys in the Fund shall be used to make payments on debt issued by or on behalf of the County, fund certain administrative costs of the Program, replenish the debt service reserve fund, if required, and repay funds advanced by the County. Amounts in the Fund may also be used to finance additional Improvements secured by contractual assessments and any other reasonable activity needed to advance the Program. Payment of the contractual assessments will be made pursuant to Assessment Contracts between the property owner and the County.

Maximum Aggregate Contractual Assessment

The Program Administrator is authorized by the Board of Supervisors to enter into up to \$2.0 billion in aggregate dollar amount of voluntary contractual assessments and to issue bonds in a maximum aggregate principal amount equal to the aggregate dollar amount of the contractual assessments. The County will coordinate the timing and issuance of debt with the goal of providing the lowest possible interest rate to qualifying property owners and maintaining the long-term financial viability of the Program.

Administrative Costs/Application Fee

The County will offer the Program as an additional County service that will help property owners achieve reductions on their energy bills and other environmental goals, while helping the County achieve its own environmental goals. The County will be responsible for:

- Development and operation of LACEP;

- Acquisition of LACEP financing;
- Overall reporting of Program status and goals, including reports to financing agencies, regulators, and stakeholders;
- Overall structure and enforcement of Program governance; and
- Management and administration of LACEP consultants needed to perform services under the Program.

Certain administrative costs are anticipated in connection with the aforementioned responsibilities. All or a portion of such administrative costs may be financed through the interest component of the contractual assessment. The Program may also assign direct fees or charges to property owners for certain services provided during the process of securing an Assessment Contract. The County will recover a portion of these initial administrative costs through a one-time application fee.

Maximum Disbursement Amounts

The County will set a maximum disbursement amount for individual properties under the Assessment Contract. Where possible, the actual amount disbursed to a participating property owner pursuant to an Assessment Contract will equal the actual cost of Improvements. In the event that the final cost of Improvements exceeds the agreed upon maximum disbursement amount, the property owner will be solely responsible for the payment of excess costs incurred to complete the Improvements.

Single and Multiple Disbursements

Most disbursements will be delivered to property owners in a single payment upon completion of the Improvements. However, upon Program Administrator approval, some projects may qualify for multiple disbursements, which will allow for one or more payments to be made prior to project completion.

Assessment Interest Rate

The County will set a maximum interest rate for individual properties under the Assessment Contract. The final interest rate will be determined such that the total amount of contractual assessment payments (principal and interest) will be sufficient to repay the debt issued to finance the Improvements, pay the financing costs of such debt issuance, finance a debt service reserve fund with respect to such debt and fund eligible administrative costs to ensure the Program remains financially viable. The County Treasurer and Tax Collector, in conjunction with the Program Administrator, will determine individual contractual assessment interest rates. Under no circumstances will the interest rate exceed the maximum rate allowed by law.

Annual Administrative Assessment; Consultation with County Auditor-Controller

LACEP reserves the right to charge an Annual Administrative Assessment to cover costs incurred by the County for the ordinary and necessary costs of administering the levy and collection of the contractual assessments and all other administrative costs and incidental expenses related to the debt to be issued. Separate from any application fee or administrative cost recovered through amounts paid on the contractual assessment interest rate, the Annual Administrative Assessment will be collected in the same manner as the contractual assessment and may be adjusted annually to reflect changes in costs. The County Auditor-Controller has been consulted regarding any fees resulting from the incorporation of the contractual assessments into the general taxes of the County on real property, and the County has determined that any such fees shall be collected pursuant to the Annual Administrative Assessment.

Assessment Term

The term of the contractual assessments will be no greater than the expected useful life of the Improvements for each individual Assessment Contract. In no event will the term of any contractual

assessment exceed the maximum term allowed by law. The term of each contractual assessment will be set under the Assessment Contract.

Assessment Collection and Default

The contractual assessments will be collected in the same manner and at the same time as the general property taxes of the County. The contractual assessments are subject to the same penalties, remedies, and lien priorities in the event of delinquency and default. If any contractual assessment becomes delinquent and property taxes remain unpaid, the County shall have the right to initiate foreclosure proceedings on the subject property.

Rebates and Incentives

Financing through the Program may coincide with current and future distributed generation renewable energy, energy efficiency and water efficiency financial incentives available from utility providers as well as local, State, federal, and other agencies. The value of expected rebates and incentives will be factored into the financing available to the property owner. The Program will advise, and may require participants to apply for any and all applicable rebates and incentives available at the time of financing. References to rebates and financial incentives in this Program Report do not include income tax rebates.

Financing Process

The process for property owners to receive financing through LACEP is designed to be helpful, transparent, and straightforward. Presented below are the general procedures for the application, funding, and repayment process:

- **Education.** Property owners may access a variety of resources to learn about the Program, the financing terms, and other details. These resources may include a Program website, service centers staffed to assist property owners, and information made available at community events.
- **Application.** Property owners may apply for a funding reservation from LACEP and pay a non-refundable application fee. Applications must include a proposed project (scope of work) and a contractor bid.
- **Review and Approval.** The Program Administrator will approve an application only after confirming that the applicant and proposed project satisfy the underwriting criteria and other Program requirements.
- **Reservation of Funds.** Once the application is approved, the Program Administrator and the property owner will enter into the Assessment Contract. At this point in time, a maximum disbursement amount, loan term, and maximum interest rate will be set. The property owner will also agree to the terms and conditions of the Assessment Contract. The Program Administrator will provide assessment information to the County and an assessment lien will be filed with the County Registrar-Recorder.
- **Installation.** The property owner will receive a notice to proceed with the Improvements. A qualified installer must complete the installation of authorized Improvements on the property within the required timeframe after receiving the notice. In some cases, the Program Administrator in his/her sole discretion may grant a time extension.
- **Evidence of Compliance/ Disbursement of Funds.** The County is not obligated to disburse funds unless and until each of the requirements set forth under the Assessment Contract are satisfied or waived by the Program Administrator. Upon satisfaction of the above, the Program Administrator will release funds to the property owner in the amount of the actual cost of Improvements, but not exceeding the maximum disbursement amount set forth in the

Assessment Contract. At this time, the Program Administrator will notify the property owner of the actual interest rate and amount of the contractual assessment.

- **Repayment.** After the release of funds, the County will place the contractual assessment on the property tax roll for the tax year immediately following the disbursement date. The property owner will be expected to pay the contractual assessment installments in the amounts and at the times specified in the Assessment Contract. Prepayment of the contractual assessment will be permitted, however, penalties may apply. Any applicable penalties resulting from prepayment will be set forth in the Assessment Contract.

Priority of Funding

Applications from property owners for financing will be given priority based on the date on which the application is approved. If a request from a property owner for financing would cause LACEP to exceed the maximum aggregate dollar amount of contractual assessments for the Program, then that application will be ineligible for financing. The Program Administrator shall retain the authority to grant exceptions to the priority status of individual applications.

Property Owner Financial Responsibilities

The following types of costs are examples of those that will be the responsibility of the property owner and will not be financed through the Program:

- Application fee;
- If applicable, title insurance and property insurance costs;
- Late payment fees;
- If applicable, costs associated with compliance with the California Environmental Quality Act; and
- Costs associated with repairs and maintenance of the Improvements.

IV. CHANGES TO THE PROGRAM REPORT

The Program Administrator may make changes to this Program Report that he/she reasonably determines are necessary to clarify its provisions. Any changes made to this Program Report that materially modify the LACEP shall only be made after approval by the Board of Supervisors.

The Program Administrator may modify the schedule of eligible Improvements attached as Appendix B and the draft Assessment Contract attached as Appendix C as deemed necessary or desirable to effectuate the intent of the Program.

Appendix B: Eligible Improvements

Eligible improvements will include, but are not limited to, the following types of Improvements, subject to approval by the Program Administrator:

Energy Efficiency Improvements

- Air sealing
- Duct sealing and weather stripping
- Attic, duct, floor, roof and wall insulation
- Hot water system insulation
- Fans (Bathroom, ceiling, whole house)
- Energy efficient pool pumps
- HVAC systems
- Programmable thermostats and energy management systems
- Light fixtures
- Energy Star cool roof
- Radiant barriers
- Windows, doors, skylights
- Window film

Water Efficiency Improvements

- Hot water heater
- On-demand water recirculation control pump
- High-efficiency toilets and urinals
- Showerheads and aerators
- Smart irrigation/ Water efficient landscaping
- Rainwater harvesting system
- Grey water system

Distributed Generation Renewable Energy Improvements

- Solar hot water heating systems
- Solar thermal installation
- Solar space heating
- Photovoltaic systems
- Wind energy systems
- Fuel cell power systems

Seismic Strengthening Improvements

- Foundation bolting
- Cripple wall bracing

Electrical Vehicle Charging Infrastructure

- Electric Vehicle Supply Equipment
- Electrical panel upgrade to 240V service

Appendix C: Draft Assessment Contract

(See attached.)

LOS ANGELES COUNTY ENERGY PROGRAM

ASSESSMENT CONTRACT

This Assessment Contract (this "Contract") is made and entered into as of this ____ day of _____, 20__, by and between the COUNTY OF LOS ANGELES, a political subdivision of the State of California (the "County"), and _____ and _____ (collectively, the "Owner").

WHEREAS, the County has established the Los Angeles County Energy Program ("LACEP") pursuant to Chapter 29 of Part 3 of Division 7 of the California Streets and Highways Code (the "Act"), in connection with which the County may levy assessments against developed properties in the County, with the free and willing consent of the owners of the properties, to finance the acquisition and construction on and installation in the assessed properties of certain qualifying renewable energy systems and energy and water efficiency improvements.

WHEREAS, the Owner is the fee title owner of certain property described in Exhibit A attached hereto (the "Property") and located [in the City of [City]] within the County of Los Angeles.

WHEREAS, the Owner has reviewed the Program participant handbook (the "Participant Handbook") and submitted an application to participate in LACEP (the "Application"; together with Participant Handbook and this Contract, the "Contract Documents") to finance the acquisition, construction and installation of the improvements described in Exhibit B attached hereto (the "Improvements") on the Property and the County has approved such Application.

WHEREAS, the County may fund LACEP through a number of financing mechanisms, including with proceeds of bonds to be issued by the County or a related joint exercise of power authority (the "Bonds"), with proceeds of loans derived from bonds issued by the Los Angeles County Public Works Financing Authority or another joint exercise of power authority (the "Authority") and from amounts to be advanced through available funds of the County.

WHEREAS, the County wishes to provide for the terms and conditions pursuant to which the Owner will participate in LACEP and pay assessments to finance the Improvements hereunder.

NOW THEREFORE, in consideration of the mutual covenants contained herein and other valuable consideration, the receipt and adequacy of which is hereby acknowledged, the parties agree as follows:

1. **Financing Terms**

(a) Disbursement Amount; Maximum Disbursement Amount. Subject to the conditions set forth herein, the County agrees to disburse moneys to the Owner in the amount of the actual cost of the Improvements (the "Disbursement Amount"); provided the Disbursement Amount shall not exceed the maximum amount set forth in Exhibit B hereto (the "Maximum

Disbursement”). LACEP Program Administrator (the “Program Administrator”) shall determine the Disbursement Amount on the basis of the best available written evidence of the actual cost of the Improvements and in the exercise of the Program Administrator’s reasonable judgment. The Owner agrees to complete the Improvements. The Owner agrees to pay for and shall be solely responsible for the payment of all costs to complete the Improvements described in the Application which exceed the Maximum Disbursement.

(b) Repayment by Owner.

(i) Assessment. In consideration of the disbursement of the Disbursement Amount, the Owner shall pay to the County an amount equal to the Disbursement Amount, certain financing costs, including any capitalized interest on the Bonds, any capitalized LACEP administrative expenses, and the interest accrued thereon. Such amounts shall be repaid by the Owner to the County by the payment of an aggregate assessment levied against the Property pursuant to Section 5898.30 of the Streets and Highway Code of the State of California (the “Assessment”) without deduction or offset for any amounts the Owner may claim due to it by the County, all as set forth in Exhibit B, as such repayment schedule may be adjusted in accordance with Section 1(b)(ii) and set forth in the form of Exhibit C hereto (the “Notice of Interest Rate and Payment Schedule”).

(ii) Interest on Assessment. Interest shall be payable in installments, computed on the basis of a 360-day year, and shall accrue on the unpaid Assessment from [the date of this contract¹][the date any portion of the Disbursement Amount is disbursed to the Owner] at the rate determined by the Program Administrator in his/her sole discretion at the time of disbursement or final disbursement, as applicable, of the Disbursement Amount. The maximum interest rate applicable to the unpaid Assessment and the interest installments therefor are set forth in Exhibit B hereto. The Program Administrator will give notice to the Owner of the interest rate applicable to the unpaid Assessment and the related interest installments as soon as practicable after its determination, which notice will be substantially in the form attached as Exhibit C hereto.

(iii) Annual Administrative Assessment. The Owner shall pay to the County, without deduction or offset, an annual assessment levied against the Property to pay costs incurred by the County in connection with the administration and collection of the Assessment, the administration or registration of any associated bonds, securities or other financing arrangements, and the administration of any reserve fund or other related funds (the “Annual Administrative Assessment”). The Annual Administrative Assessment shall not exceed the amount set forth in Exhibit B hereto and may be changed from time to time by the Program Administrator, in his sole discretion, subject to the maximum Annual Administrative Assessment.

(iv) Financing Costs in the Event of Noncompletion. If the Owner fails to install the Improvements in compliance with LACEP requirements following execution of this Assessment Contract, the Owner shall pay for all expenses incurred by the County

¹ In the case of a County financing with accrued interest.

or any of its agents in connection with levying or removing the assessments hereunder and financing the Improvements, including costs relating to the redemption of bonds issued to finance the Improvements, in the amount set forth in Exhibit B hereto.

(c) Prepayment. The Owner may prepay the Assessment in whole and in part by paying all or a part of the principal amount owing on the Assessment, plus the applicable prepayment premium set forth in Exhibit B hereto, and accrued interest. Interest on the Assessment may accrue until the next available redemption date for any bonds or other evidences of indebtedness, or other financial arrangements entered into by the County pursuant to LACEP which financed the Assessment in whole or in part. Such redemption date shall not exceed ____ (____) days from the date of prepayment of the Assessment. The Owner shall notify the Program Administrator in writing of the Owner's determination to prepay the Assessment at least ____ (____) business days prior to the date the Owner intends to prepay the Assessment.

(d) Term of Contract. The term of this Contract shall be as set forth in Exhibit B hereto, commencing upon the execution hereof and ending on the date the Assessment and any applicable penalties, costs, fees, and charges have been paid in full; provided, however, the estimated payment schedule may be adjusted as provided in this Section 1. The initial amount of each Assessment and Annual Administrative Assessment installment that will be levied is set forth in Exhibit B attached hereto. The amount of each Assessment and Annual Administrative Assessment installment that will be levied each year, as adjusted to reflect the applicable interest rate determined by the Program Administrator but excluding any penalties that may accrue, is set forth in Exhibit C attached hereto.

2. Lien of Assessment and Annual Administrative Assessment; Special Benefit.

(a) Lien Against Property. The execution of this Contract by the parties constitutes the levy of the Assessment and the Annual Administrative Assessment by the Board of Supervisors against the Property without any further action required by the parties. The Owner consents to the levy of the Assessment and the Annual Administrative Assessment, including each installment thereof and any interest and penalties that accrue with respect thereto, on and recordation of a lien against the Property and agrees that, upon the execution of this Contract by the parties, the Property shall be subject to the Assessment and the Annual Administrative Assessment in accordance with and pursuant to this Contract, the Act and applicable law.

(b) Notice of Assessment; Notice of Payment of Contractual Assessment Required. Upon execution of this Contract, the County will execute and cause to be recorded in the Office of the Registrar-Recorder/County Clerk a notice of assessment substantially in the form attached as Exhibit D hereto (the "Notice of Assessment") and a document entitled "Payment of Contractual Assessment Required" substantially in the form attached as Exhibit E hereto (the "Notice of Payment of Contractual Assessment Required"). Upon recordation of the Notice of Assessment in the Office of the Registrar-Recorder/County Clerk, the Assessment and the Annual Administrative Assessment, including each installment thereof and any interest and penalties that accrue with respect to the Assessment and the Annual Administrative Assessment, shall constitute a lien upon the Property until paid. The Notice of Assessment and Notice of Payment of Contractual Assessment Required, as recorded, shall initially reflect the Assessment as set forth in Exhibit B. Following the County's final disbursement of the Disbursement

Amount pursuant to Section 6 hereof, the Assessment shall equal the amount set forth in Exhibit C and the Notice of Assessment and Notice of Payment of Contractual Assessment Required will be supplemented accordingly.

(c) Priority of Lien. The lien of the Assessment and the Annual Administrative Assessment shall be coequal to and independent of the lien for general taxes and prior and superior to all liens, claims and encumbrances on or against the Property except (i) the lien for general taxes or ad valorem assessments in the nature of and collected as taxes levied by the State of California or any county, city, special district or other local agency, (ii) the lien of any special assessment or assessments the lien date of which is prior in time to the lien date of the Assessment and the Annual Administrative Assessment, (iii) easements constituting servitudes upon or burdens to the Property, (iv) water rights, the record title to which is held separately from the title to the Property and (v) restrictions of record.

(d) Special Benefit to Property.

(i) Acknowledgement. The Owner expressly acknowledges that the Improvements confer a special benefit to the Property in an amount at least equal to the Assessment.

(ii) Waiver of Provisions Other Than Those of the Act. The Owner expressly waives to the fullest extent permitted by law the notice, protest and hearing procedures and provisions of any applicable law other than the Act with respect to the levy and collection of the Assessment and the Annual Administrative Assessment, as described in Section 2 and Section 3, respectively, hereof.

3. Collection of Amounts Due; Failure to Pay.

(a) Collection through Property Tax Bill. Annual installments of the Assessment and the Annual Administrative Assessment shall be collected on the property tax bill pertaining to the Property. The annual proportion of the Assessment and the Annual Administrative Assessment coming due in any year shall be payable in the same manner, at the same time and in the same installments as the general taxes of the County on real property are payable, and the assessment installments shall be payable and become delinquent at the same times and the same proportionate amounts and shall bear the same penalties and interest after delinquency, and be subject to the same provisions for redemption and sale, as the general taxes on real property of the County.

(b) Failure to Pay. Failure to pay any installment of the Assessment and the Annual Administrative Assessment, including interest and penalties with respect thereto, shall result in the accrual of penalties and interest on the amounts due and may result in the foreclosure of the lien of the Assessment and the Annual Administrative Assessment, as described in Section 13(e) hereof and provided by law. Except as provided in Government Code Section 53936, the liens of the Assessment and the Annual Administrative Assessment are not subject to extinguishment by judicial foreclosure or the sale of the Property on account of the nonpayment of any taxes.

4. **Commencement and Completion of Improvements.**

(a) **Consent and Authorization.** Upon the availability of funding under LACEP, the Program Administrator will give to the Owner a notice to proceed in the form of Exhibit F hereto (the "Notice to Proceed"), which notice shall constitute consent and authorization pursuant to Section 5898.21 of the Act for the Owner to purchase directly the related equipment and materials for the Improvements and to contract directly for the construction on and/or installation in the Property of the Improvements. The Owner bears the risk of any costs of the Improvements incurred prior to receipt of the Notice to Proceed. The Owner may perform the construction and/or installation on the Property provided that the Owner is deemed a qualified installer by the Program Administrator in his/her sole discretion in accordance with the Participant Handbook.

(b) **Date of Completion of the Improvements.** Subject to Section 13(g) hereof, the Owner agrees to complete installation of the Improvements no later than one (1) year after the date of the Notice to Proceed of this Contract. The Owner and the Program Administrator may agree to an extension of this completion date for good cause shown. In the event the Improvements are not completed one year and three months after the date of the Notice to Proceed, any undisbursed amounts under this Contract shall be applied to the redemption of any related Bonds issued by the County to finance this Contract.

5. **Use of Proceeds.**

The Owner shall use the Disbursement Amount for the sole purpose of paying for the reasonable costs and expenses of the Improvements on the Property, and in connection therewith the Owner shall comply with all requirements set forth in the Contract Documents.

6. **Conditions Precedent to Disbursement of Funds**

(a) **Conditions Precedent to Disbursement of Funds.** Notwithstanding anything to the contrary contained herein, the County shall have no obligation to disburse funds to the Owner unless and until each of the requirements set forth in the Participant Handbook and the following conditions are satisfied, or any such requirement or condition is expressly waived by the Program Administrator:

(i) With respect to the initial disbursement:

- (A) The Program Administrator shall have received a written request to disburse the Disbursement Amount.
- (B) The Owner has executed and delivered to the Program Administrator the Contract Documents and such other declarations, certifications, documents or instruments pertaining to the Disbursement Amount or the Improvements as the Program Administrator may require.
- (C) The Owner shall have executed any and all documents or instruments required by the Contract Documents in connection with the disbursement of funds to the Owner.

(D) If the Property is a commercial property, the Owner shall have provided all applicable lenders the Notice of Proposed Contractual Assessment set forth as Exhibit G to this Contract and received an executed copy of the Certificate of Lender set forth as Exhibit H to this contract. In addition, the Owner shall have received from the Program Administrator, at the expense of the Owner, a determination that the Improvements to be financed hereunder (a) are within one or more classes of projects exempt from the California Environmental Quality Act (commencing with Section 21000 et seq. of the California Public Resources Code, "CEQA") pursuant to Sections 15301, 15302 or 15303 of the California Public Resources Code, (b) are the appropriate subject of a negative declaration pursuant to CEQA, in which case a negative declaration to that effect will be adopted pursuant to Section 21080 et seq. of the California Public Resources Code and Section 15070 et seq. of the California Code of Regulations, or (c), is the appropriate subject of an environmental impact report pursuant to CEQA, in which case an environmental impact report shall be prepared and certified and amounts hereunder shall be disbursed only if the Improvements are subsequently approved in accordance with CEQA.

(ii) With respect to the second and final disbursement:

- (A) The Program Administrator shall have received a copy of a finalized permit issued by the building inspection department of the jurisdiction within which the Property is located, if applicable.
- (B) The Program Administrator shall have received a written certification from the Owner and the contractor(s) that installed or constructed the Improvements, if any, stating that the Improvements for which disbursement is requested is complete and setting forth the actual cost of the Improvements (exclusive of any cost attributable to labor performed by the Owner pursuant to the terms and conditions of this Contract and the other Contract Documents). Such certification shall be in form and substance acceptable to the Program Administrator.
- (C) If an inspection is required, an inspection of the Improvements and a determination by the applicable agency, authority or entity that the Improvements have been completed in full compliance with the requirements of applicable law or that any noncompliance has been waived.
- (D) No stop payment or mechanic's lien notices pertaining to the Improvements has been filed and remain in effect as of the date of disbursement of the Disbursement Amount.

(E) [If the Property is a commercial property, the Program Administrator shall have received a title insurance policy in form and substance acceptable to the Program Administrator in the Disbursement Amount and insuring the lien of the Assessment.]

(iii) With respect to each of disbursement:

(A) As of the date of disbursement of the Disbursement Amount the representations of the Owner contained in the Contract Documents are true and correct, and no Default (as defined in Section 13(a) below) shall have occurred and be continuing.

(B) The Program Administrator shall have received such other documents and instruments as the Program Administrator may require, including but not limited to, if applicable, the sworn statements of contractor(s) or the Owner, if construction and/or installation is performed by the Owner in his/her capacity as a qualified installer pursuant to the Contract Documents, and releases or waivers of lien, all in compliance with the requirements of applicable law.

(iv) If there shall be a single disbursement under this Assessment Contract, all conditions under (i) through (iii) shall be satisfied by the Owner or waived by the Program Administrator prior to disbursement.

(b) Disbursement by County. Upon satisfaction or waiver of the conditions described in paragraph (a), above, the County will disburse or cause the disbursement of funds to the Owner. The Owner expressly waives the 30-day payment period provided by Section 10403 of the Streets and Highways Code.

7. Representations and Warranties of the Owner.

For purposes of entering into this Contract, the County has relied upon the declarations, warranties and covenants of the Owner in this Contract and in the Application, which are incorporated into this Contract as if fully set forth herein. The Owner promises that each representation and warranty set forth herein is true, accurate and complete as of the date of this Contract. By accepting the disbursement, the Owner shall be deemed to have reaffirmed each and every representation and warranty made by the Owner in this Contract and in the Application as of the date of disbursement. If the Owner is comprised of the trustees of a trust, the following representations shall also pertain to the trustor(s) of the trust.

(a) Formation; Authority. If the Owner is anything other than a natural person, it has complied with all laws and regulations concerning its organization, its existence and the transaction of its business, and is in good standing in each State in which it conducts its business. The Owner is the owner of the Property and is authorized to execute, deliver and perform its obligations under the Contract Documents, and all other documents and instruments delivered by the Owner to the County in connection therewith. The Contract Documents have been duly executed and delivered by the Owner and are valid and binding upon and enforceable against the

Owner in accordance with their terms, subject to the effect of bankruptcy, insolvency and other similar laws affecting the rights and remedies of creditors generally, and no consent or approval of any third party, which has not been previously obtained by the Owner is required for the Owner's execution thereof or the performance of its obligations contained therein.

(b) Compliance with Law. Neither the Owner nor the Property is in violation of, and the terms and provisions of the Contract Documents do not conflict with, any regulation or ordinance, any order of any court or governmental entity, or any building restrictions or governmental requirements affecting the Owner or the Property.

(c) No Violation. The terms and provisions of the Contract Documents, the execution and delivery of the Contract Documents by the Owner, and the performance by the Owner of its obligations contained in the Contract, will not and do not conflict with or result in a breach of or a default under any of the terms or provisions of any other agreement, contract, covenant or security instrument by which the Owner or the Property is bound.

(d) Other Information. All reports, documents, instruments, information and forms of evidence which have been delivered to the County in connection with the Owner's application for LACEP funding are accurate, correct and sufficiently complete to give the County true and accurate knowledge of their subject matter.

(e) Litigation. There is no litigation, tax claims, actions, proceedings, investigations or other disputes pending or threatened against the Owner or the Property which may impair the Owner's ability to perform its obligations hereunder, or which may impair the County's ability to levy and collect the Assessment and the Annual Administrative Assessment.

(f) No Event of Default. There is no event which is, or with notice or lapse of time or both would be, a Default under this Contract.

8. **Covenants of the Owner.**

The Owner agrees and covenants to each of the following:

(a) Installation and Maintenance of Improvements. The Owner shall, or shall cause its contractor(s) to, promptly commence the Improvements and diligently continue to completion in a good and workmanlike manner and in accordance with sound construction and installation practices. The installation of the Improvements shall be completed no later than the date determined pursuant to Section 4(b) hereof. The Owner shall maintain the Improvements in good condition and repair.

(b) Reports. If the Disbursement Amount is disbursed in more than one installment, the Owner agrees, upon the request of the Program Administrator, to promptly deliver or cause to be promptly delivered to the Program Administrator a written status report of the Improvements, including the acquisition and installation thereof.

(c) Compliance with Law and Agreements. The Owner shall complete all Improvements, or cause the Improvements to be completed, in conformity with all applicable laws, including all applicable federal, state, and local occupation, safety and health laws, rules,

regulations, standards, and recorded instruments, covenants or agreements affecting the Property. The Owner shall comply with and keep in effect all permits, licenses, and approvals required to complete installation of the Improvements.

(d) Site Visits; Utility Records; Surveys. For purposes of examining the workmanship of the Improvements, observing the quality of the Improvements and otherwise evaluating LACEP, the Owner grants the County, its agents and representatives, including without limitation the Program Administrator, the right to enter and visit the Property at any reasonable time, after giving reasonable notice to the Owner. For purposes of examining savings derived from the Improvements and other satisfying the requirements relating to grant moneys used to fund LACEP, the Owner shall also allow the County to examine and copy records and other documents of the Owner which relate to the Improvements, including utility records of the Owner and execute any consents, waivers or similar documents required by utility providers in connection therewith through the term of this Contract. The Owner also agrees to participate in any and all surveys conducted in connection with LACEP. The County is under no duty to visit the Property, observe any aspects of the Improvements or examine any records, and the County shall not incur any obligation or liability by reason of not making any such visit or examination. Any site visit, observation or examination by the County shall be solely for the purposes of protecting the County's rights under the Contract Documents.

(e) Protection Against Lien Claims. The Owner shall promptly pay or otherwise discharge any claims and liens for labor done and materials and services furnished to the Property in connection with the Improvements. The Owner shall have the right to contest in good faith any claim or lien, provided that it does so diligently and without delay in completing the Improvements.

(f) Notice to Successors in Interest. The Owner agrees to provide written notice to any subsequent purchaser of the Property that the Property is subject to an LACEP assessment lien, and to provide any subsequent purchaser a copy of this Contract.

(g) Insurance. [If the Maximum Disbursement exceeds \$_____,] the Owner shall provide, maintain and keep in force at all times until the Improvements are completed, builder's all risk property damage insurance on the Property, with a policy limit equal to the amount of the Maximum Disbursement.

(h) Notices. The Owner shall promptly notify the County in writing of any Default under this Contract, or any event which, with notice or lapse of time or both, would constitute a Default hereunder.

9. **Mechanic's Lien and Stop Notices.**

In the event of the filing of a stop notice or the recording of a mechanic's lien pursuant to applicable law of the State of California and relating to the Improvements, the Program Administrator may refuse to disburse any funds to the Owner, and, in the event the Owner fails to furnish the Program Administrator a bond causing such notice or lien to be released within thirty (30) days of notice from the Program Administrator to do so, such failure shall at the

option of the County constitute a default under the terms of this Contract. The Owner shall promptly deliver to the Program Administrator copies of all such notices or liens.

10. **Responsibilities of the Owner; Indemnification.**

(a) Financing by County; No Responsibility for Improvements. The Owner acknowledges that the County has established LACEP solely for the purpose of assisting the owners of property in the County with the financing of the acquisition, construction, and installation of qualifying renewable energy systems and energy and water efficiency improvements. LACEP is a financing program only. None of the County, the Authority (if bonds are issued by the Authority), their officials, agents, employees, attorneys and representatives, the Program Administrator, or LACEP staff is responsible for selection, management or supervision of the Improvements or of the Improvements' performance.

(b) Indemnification. The Owner shall indemnify, defend, protect, and hold harmless the County, the Authority (if bonds are issued by the Authority) and any and all officials, agents, employees, attorneys and representatives of the County and the Authority (collectively, the "Indemnified Parties") and, if the Property is located in an incorporated area, such incorporated city and any and all officials, agents, employees, attorneys and representatives of such city, (the "City Parties"), from and against all losses, liabilities, claims, damages (including consequential damages), penalties, fines, forfeitures, costs and expenses (including all reasonable out-of-pocket litigation costs and reasonable attorneys' fees) and any demands of any nature whatsoever related directly or indirectly to, or arising out of or in connection with, (i) the Contract Documents, (ii) disbursement of the Disbursement Amount, (iii) the Improvements, (iv) any breach or Default by the Owner under the Contract Documents, (v) the levy and collection of the Assessment and the Annual Administrative Assessment, (vi) the imposition of the lien of the Assessment and the Annual Administrative Assessment, (vii) any breach or failure of the Owner or its contractor(s) or agents to comply with all applicable laws, including all applicable federal, state and local occupation, safety and health laws, rules, regulations and standards, in connection with the acquisition, installation or completion of the Improvements, and (viii) any other fact, circumstance or event related to the County's payment of the Disbursement Amount to the Owner or the Owner's performance of its obligations under the Contract Documents (collectively, the "Liabilities"), regardless of whether such Liabilities shall accrue or are discovered before or after the Disbursement.

(c) Survival of Indemnification. The indemnity obligations described in Section 10(b) shall survive the disbursement of funds to the Owner, the payment of the Assessment in full, the transfer or sale of the Property by the Owner and the termination of this Contract.

11. **Waiver of Claims.**

For and in consideration of the County's execution and delivery of this Contract, the Owner, for itself and for its successors-in-interest to the Property and for any one claiming by, through, or under the Owner, hereby waives the right to recover from and fully and irrevocably releases the Indemnified Parties and, if the Property is located in an incorporated area, the City Parties, from any and all claims, obligations, liabilities, causes of action, or damages, including attorneys' fees and court costs, that the Owner may now have or hereafter acquire against any of

the Indemnified Parties and the City Parties and accruing from or related to (i) the Contract Documents, (ii) the disbursement of any of the Disbursement Amount, including any amounts advanced hereunder, (iii) the levy and collection of the Assessment and the Annual Administrative Assessment, (iv) the imposition of the lien of the Assessment, (v) the issuance and sale of any bonds or other evidences of indebtedness, or other financial arrangements entered into by the County pursuant to LACEP, (vi) the performance of the Improvements, (vii) the Improvements, (viii) any damage to or diminution in value of the Property that may result from construction or installation of the Improvements, (ix) any personal injury or death that may result from the construction or installation of the Improvements, (x) the selection of manufacturer(s), dealer(s), supplier(s), contractor(s) and/or installer(s), and their action or inaction with respect to the Improvements, (xi) the merchantability and fitness for any particular purpose, use or application of the Improvements, (xii) the amount of energy savings resulting from the Improvements, (xiii) the workmanship of any third parties, and (xiv) any other matter with respect to LACEP. This release includes claims, obligations, liabilities, causes of action, and damages of which the Owner is not presently aware or which the Owner does not suspect to exist which, if known by the Owner, would materially affect the Owner's release of the Indemnified Parties and the City Parties.

OWNER HEREBY ACKNOWLEDGES THAT IT HAS READ AND IS FAMILIAR WITH THE PROVISIONS OF CALIFORNIA CIVIL CODE SECTION 1542 ("SECTION 1542"), WHICH IS SET FORTH BELOW:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

BY INITIALING BELOW, OWNER HEREBY WAIVES THE PROVISIONS OF SECTION 1542 SOLELY IN CONNECTION WITH THE MATTERS WHICH ARE THE SUBJECT OF THE FOREGOING WAIVERS AND RELEASES.

Owner's Initials: _____

The waivers and releases by the Owner contained in this Section 11 shall survive the disbursement of the Disbursement Amount, the payment of the Assessment in full, the transfer or sale of the Property by the Owner, and the termination of this Contract.

12. **Further Assurances.**

The Owner shall execute any further documents or instruments consistent with the terms of this Contract, including documents and instruments in recordable form, as the County shall from time to time find necessary or appropriate to effectuate its purposes in entering into this Contract and disbursing funds to the Owner.

13. **Events of Default.**

(a) Default. Subject to the further provisions of this Section 13, the failure of any of the Owner's representations or warranties to be correct in all material respects, or the failure or delay by the Owner to perform any of its obligations under the terms or provisions of the Contract Documents, shall constitute a default hereunder ("Default").

(b) Notice of Default. Upon the occurrence of a Default, prior to exercising any remedies under the Contract Documents or the Act, the County shall give written notice of default to the Owner. Delay in giving such notice shall not constitute a waiver of any Default. The Owner must immediately commence to cure, correct, or remedy such failure or delay and shall complete such cure, correction or remedy with reasonable diligence, but in any event, within the time set forth herein.

(c) Cure Period for Monetary Default. If the Owner fails to timely pay any installment of the Assessment or the Annual Administrative Assessment, the Owner shall have a period of thirty (30) days after notice is given pursuant to paragraph (b) above within which to cure such default. Following such thirty (30) day period, the County in its sole discretion may exercise any and all of its available remedies, including its right to foreclose the lien of the Assessment or the Annual Administrative Assessment pursuant to applicable law.

(d) Cure Period for Non-Monetary Default. If a non-monetary Default occurs and such Default is reasonably capable of being cured within thirty (30) days, the Owner shall have such period to effect a cure prior to exercise of remedies by the County under the Contract Documents or the Act. If the Default is such that it is reasonably capable of being cured but not within such thirty (30) day period and the Owner (i) initiates corrective action within such thirty (30) day period, and (ii) diligently, continually, and in good faith works to effect a cure as soon as possible, then the County in its sole discretion may elect to grant the Owner such additional time as is reasonably necessary to cure the Default prior to exercise of any remedies by the County. The foregoing notwithstanding, in no event shall the County be precluded from exercising any of its remedies if the Default is reasonably expected to result in the foreclosure or forfeiture of the Property, or if the Default is not cured within sixty (60) days after the first notice of Default is given.

(e) Remedies Upon Default. Subject to the provisions of paragraphs (b), (c) and (d) above, if any Default occurs the County may exercise any or all of the rights and remedies available to it under applicable law, at equity, or as otherwise provided herein. If no disbursement has occurred hereunder, the County may elect to terminate this Contract and, except as otherwise expressly provided herein, the parties have no further obligations or rights hereunder. If the Disbursement Amount has been disbursed in whole or in part, the County may terminate its obligations to make any further disbursement of the Disbursement Amount and exercise any or all of the rights and remedies available to it under this Contract and applicable law. As a cumulative remedy, if any installment of the Assessment and the Annual Administrative Assessment, together with any penalties, costs, fees, and other charges, accruing under applicable taxation provisions are not paid when due, the Board of Supervisors or its designee may order that the same be collected by an action brought in a court of competent jurisdiction to foreclose the lien of the Assessment and the Annual Administrative Assessment to

the extent permitted, and in the manner provided by, applicable law. Any and all costs and expenses incurred by the County in pursuing its remedies hereunder shall be additional indebtedness of the Owner to the County.

(f) Remedies Cumulative. Except as otherwise expressly stated in this Contract or as otherwise provided by applicable law, the rights and remedies of the County are cumulative, and the exercise of one or more of such rights or remedies shall not preclude the exercise by the County, at the same time or different times, of any other rights or remedies for the same Default or any other Default. No failure or delay by the County in asserting any of its rights and remedies as to any Default shall operate as a waiver of any Default or of any such rights or remedies, or deprive the County of its rights to institute and maintain any actions or proceedings which it may deem necessary to protect, assert or enforce any such rights or remedies.

(g) Force Majeure. Performance of the covenants and conditions imposed upon the Owner hereunder with respect to the commencement and completion of the Improvements shall be excused while and to the extent that, the Owner, through no fault or negligence of its own, is prevented from complying therewith by war, riots, strikes, lockouts, action of the elements, accidents, or acts of God beyond the reasonable control of the Owner; provided, however, that as soon as the cause or event preventing compliance is removed or ceases to exist the obligations shall be restored to full force and effect and the Owner shall immediately resume installation of the Improvements.

14. **Severability**.

Each and every provision of this Contract is, and shall be construed to be, a separate and independent covenant and agreement. If any term or provision of this Contract or the application thereof shall to any extent be held to be invalid or unenforceable, the remainder of this Contract, or the application of such term or provision to circumstances other than those to which it is invalid or unenforceable, shall not be affected thereby, and each term and provision of this Contract shall, be valid and shall be enforced to the extent permitted by law.

15. **Notices**.

All notices and demands shall be given in writing by first class mail, postage prepaid, or by personal delivery (by recognized courier service). Notices shall be considered given upon the earlier of (a) personal delivery or (b) two (2) business days following deposit in the United States mail, postage prepaid. Notices shall be addressed as provided below for the respective party; provided that if any party gives notice in writing of a change of name or address, notices to such party shall thereafter be given as demanded in that notice:

To the County: _____

Attention: Program Administrator

To the Owner: _____

Attention: _____

Notwithstanding anything set forth above, after disbursement of funds to the Owner, all notices regarding the assessment shall be sent only as provided by the laws of the State of California.

16. **No Waiver.**

No disbursement of the Disbursement Amount based upon inadequate or incorrect information shall constitute a waiver of the right of the County to receive a refund thereof from the Owner. No disbursement of any portion of the Disbursement Amount shall constitute a waiver of any conditions to the County's obligation to make further disbursements. No waiver by the County of any failure by the Owner to comply with any provision of this Contract shall in any way preclude the County from thereafter declaring such failure by the Owner a Default hereunder or be deemed a waiver of any other or subsequent Default.

17. **Governing Law.**

This Contract shall be construed and governed in accordance with the laws of the State of California.

18. **Assignment by the County.**

The County, at its option, may (i) assign any or all of its rights and obligations under this Contract, and (ii) pledge and assign its right to receive the Assessment and the Annual Administrative Assessment, and any other payments due to the County hereunder, without obtaining the consent of the Owner.

19. **Assignment by Owner Prohibited.**

The Owner may sell, transfer, rent or otherwise dispose of all or a portion of its interests in the Property so long as the Assessment and the Annual Administrative Assessment, including each installment thereof and the interest and penalties thereon, shall constitute a lien against the Property until the same is paid in full. All other dispositions of all or a portion of the Owner's rights and obligations under this Contract are subject to the prior express written consent of the County, which consent may be granted or withheld in the sole and absolute discretion of the County.

20. **Carbon Credits.**

The Owner agrees that any carbon credits attributable to the Improvements shall be held on behalf of LACEP by the County.

21. **Entire Agreement; Amendment.**

This Contract, together with the other Contract Documents, is the entire agreement between the parties. Any other agreement related to the Improvements, and any amendment to this Contract, must be signed in writing by both parties.

22. **Natural Persons.**

If the Owner of the Property consists of more than one natural person, the obligations hereunder of all the owners shall be joint and several.

23. **Counterparts.**

This Contract may be executed in several counterparts, each of which shall be deemed an original, and all of such counterparts together shall constitute one and the same instrument.

24. **Special Termination.**

Notwithstanding anything to the contrary contained herein, this Contract shall terminate and be of no further force or effect if the Owner has submitted to the Program Administrator a notice of its decision to cancel this transaction in the form of the Notice of Cancellation attached as Exhibit J hereto, which notice shall be delivered to the County pursuant to Section 15 hereof no less than _____ () days prior to the disbursement of the Disbursement Amount.

25. **No Third Party Beneficiary Rights.**

This Contract is entered into for the sole benefit of the Owner and the County and, subject to the provisions of Sections 10, 11, 12 and 19, no other parties are intended to be direct or incidental beneficiaries of this Contract and no third party shall have any right in, under or to this Contract.

IN WITNESS WHEREOF, the Owner and the County have entered into this Contract as of the date and year first above written.

NOTICE OF ASSESSMENT

WHEN RECORDED RETURN TO

County of Los Angeles
Treasurer and Tax Collector
Kenneth Hahn Hall of Administration
500 West Temple Street, Room 437
Los Angeles, California 90012
Attention: Los Angeles County Energy Program
– Program Administrator

NOTICE OF ASSESSMENT

Pursuant to the requirements of Section 5898.32 of the Streets and Highways Code of the State of California, the undersigned Clerk of the Board of Supervisors (the “Board of Supervisors”) of the County of Los Angeles, a political subdivision of the State of California (the “County”), hereby gives notice that contractual assessments relating to that certain real property described in Appendix A hereto (the “Property”), in the amounts set forth in Appendix B hereto, were recorded in the Office of the Registrar-Recorder/County Clerk of the County, as provided for in said Section 5898.32.

Pursuant to that certain Assessment Contract (the “Assessment Contract”) by and between the County and the owner of the Property named herein in connection with the Los Angeles County Energy Program, the several assessments assessed on the Property set forth in Appendix B hereto became a lien upon the Property and the Property became subject to the assessment in accordance pursuant to the Assessment Contract, the Act and applicable law upon the execution of such Assessment Contract.

In addition to the assessment to pay the costs and expenses of the improvements to be acquired, the Property is subject to a separate and additional assessment, as set forth in Appendix B hereto, to be levied annually to pay for costs not otherwise reimbursed which will result from the administration and collection of assessments or from the administration or registration of any associated bonds and reserve or related funds.

Reference is made to the Assessment Contract for the amount of any final and adjusted assessments, including any annual assessment as levied for administrative costs or maintenance, as applicable.

Included in Appendix A hereto is the name(s) of the owner of record of the Property, which is also the assessed owner of the Property as it appears on the latest secured assessment roll, all as required pursuant to Section 27288.1 of the Government Code of the State of California.

NOTICE OF PROPOSED CONTRACTUAL ASSESSMENT (Commercial Property Owner)

Notice Date: _____

Lender Address: _____

Property/Loan Information:

Owner: _____

Address: _____

APN: _____

Loan Number(s): _____

To Whom It May Concern:

The undersigned (the “Owner”) is the owner of a certain real property located at the above-referenced address (the “Property”). You are the lender (the “Lender”) with respect to the above-referenced (the “Loan”) that is secured by a lien on the Property.

The Owner is sending this Notice of Proposed Contractual Assessment to Lender to (i) provide notice of the Owner’s proposed participation in the Los Angeles County Energy Program (“LACEP”), (ii) request confirmation from the Lender that the levy of the contractual assessment pursuant to the herein described Assessment Contract will not trigger an event of default or the exercise of any remedies under the Loan documents, and (iii) provide notice that the contractual assessment (including any penalties and interest) will be secured by a statutory lien on the Property that is senior to the lien securing the Loan.

Background. The County of Los Angeles, a political subdivision of the State of California (the “County”) has established LACEP to help finance the acquisition and construction on and installation in the assessed properties, including the Property, of certain qualifying renewable energy systems and energy and water efficiency improvements (the “Improvements”) pursuant to Chapter 29 of Part 3 of Division 7 of the Streets & Highways Code of the State of California (“Contractual Assessment Law”).

In accordance with Contractual Assessment Law, the County will levy a contractual assessment to finance the installation of the Improvements on certain property with the agreement of the applicable property owner pursuant to the terms of an assessment contract (the “Assessment Contract”) between such property owner and the County. Pursuant to Section 5898.30 of Contractual Assessment Law, the contractual assessment (including any penalties and interest) is collected on the property tax bill and is secured by a lien on the applicable property

that is (i) senior to all private liens, including private liens that existed prior to levy of the contractual assessment and (ii) cannot be subordinated to the private liens.

Information regarding the purpose and method of administration of the assessments under LACEP can be found at _____ [website].

Participation in LACEP. The Owner has applied to participate in LACEP and intends to finance installation on the Property of the Improvements set forth on Exhibit A hereto. The contractual assessment to be levied on the Property (the “Contractual Assessment”) pursuant to the Assessment Contract and the related payment terms are proposed to consist of the following:

Principal amount: \$ _____
Estimated interest rate: _____ %
Term of repayment period: _____
Annual administrative component: \$ _____
Total estimated annual installment: \$ _____

Lender Approval. Please acknowledge that participation of the Property in LACEP is acceptable to the Lender by executing the attached Certificate of Lender and returning it to the undersigned at your earliest convenience.

Very truly yours,

BY: _____

CERTIFICATE OF LENDER (Commercial Property Owner)

Property/Loan Information

Owner: _____

Address: _____

APN: _____

Loan: _____

In connection with the above-referenced loan (the “Loan”) relating to the above-referenced property (the “Property”) by the herein referenced lender (the “Lender”), the undersigned hereby certifies, acknowledges, confirms and agrees as follows:

- (1) He/she is duly authorized to execute this Certificate on behalf of the Lender.
- (2) The Lender is in receipt of written notice (the “Notice”) from the owner of the Property (the “Owner”) that Owner intends to finance installation on the Property of certain renewable energy, energy efficiency and/or water efficiency improvements that will be permanently fixed to the Property (the “Improvements”) by participating in the Los Angeles County Energy Program sponsored by the County of Los Angeles, a political subdivision of the State of California (the “County”).
- (3) As a result of an Assessment Contract between the County and the Owner (the “Assessment Contract”) and pursuant to Chapter 29 of Part 3 of Division 7 of the Streets and Highways Code of the State of California, the Contractual Assessment described in the Notice will be levied on the Property and the Contractual Assessment (including any penalties and interest) will be secured by a statutory lien that is senior to the lien securing the Loan.
- (4) The Lender consents to the levy of the Contractual Assessment pursuant to the Assessment Contract.
- (5) The Lender agrees that the levy of the Contractual Assessment will not constitute an event of default or the exercise of any remedies under the documents relating to the Loan.

The Lender further acknowledges that the Owner and the County will rely on this Certificate in connection with the disposition and administration of the Assessment Contract and the Los Angeles County Energy Program.

**LOS ANGELES COUNTY ENERGY PROGRAM
NOTICE OF CANCELLATION**

_____ [and _____] are the owner[s] of record ([collectively,] the “Owner”) of that certain real property located at _____ located in the County of Los Angeles, California. The Owner previously executed that certain Assessment Contract (the “Assessment Contract”) with the County of Los Angeles (the “County”) in connection with the Los Angeles County Energy Program (“LACEP”). Pursuant to the Assessment Contract, Owner hereby notifies the LACEP Program Administrator in accordance with Sections 15 and 24 of the Assessment Contract no less than _____ (__) days prior to the disbursement of the Disbursement Amount that the Owner has determined to cancel the transaction described in the Assessment Contract. Accordingly, the Contract shall terminate and be of no further force or effect, except that the Owner agrees to pay amounts due, if any, pursuant to Section 1(b)(iv) of the Assessment Contract relating to financing costs in the event of the improvements are not completed.
